

Protein folding and maturation\_Angiotensin system maturation \ Rodent vers

Protein folding and maturation\_Angiotensin system maturation \ Human vers

Development\_Angiotensin signaling via beta-Arrestin

Regulation of lipid metabolism\_PPAR regulation of lipid metabolism

Immune response\_Oncostatin M signaling via JAK-Stat in human cells

Immune response\_Oncostatin M signaling via JAK-Stat in mouse cells

Neolacto-series GSL Metabolism p.3

Development\_Thrombopoetin signaling via JAK-STAT pathway
